

# NI Chest, Heart & Stroke

**Northern Ireland Chest, Heart & Stroke (NICHS) aims to reduce disconnection and isolation between community health champions.**

JENNY HUTCHINSON

JOHAN GANT

## OUR TECH SOLUTION

**NICHS and techie Johan Gant have developed a communication and information sharing platform for volunteer health champions active in workplaces.**

## OUR SEED FUND PROPOSAL

A Seed Fund award would allow us to:

- Evaluate the effectiveness and GDPR safety of the use of Zulip
- provide training to staff in other NICHS departments so they can use the Zulip platform
- support clients' use of Zulip building capacity for use of digital for own health needs
- employ the expertise of a consultant to evaluate Zulip for use and GDPR safety whilst supporting us to make changes
- continue to market and publicise Zulip to our clients
- support the ongoing maintenance and population of Zulip platform so we can provide high quality resources
