The Grant

The grant must only be used for:-

- (i) the project as detailed in the application form submitted to the Foundation and
- (ii) the purpose as detailed under Purpose of Grant Aid, and
- (iii) the expenditure as detailed in the approved budget.

The project to which the grant relates must commence within 6 months of the date of this agreement.

Changes to the Project

The Foundation must be advised immediately of any events such as a change of circumstances or incidents involving the misuse of funds.

Changes must not be made to the nature, scale or timing of the project as defined in the Letter of Offer without the written permission of the Foundation. Changes in

the source or amounts of funding must be notified to the Foundation and agreed in writing.

Staff

Where a project is responsible for the employment of staff, employment conditions and practices must comply with all relevant employment legislation, and should take account of current good practice in relation to employment rights and equal opportunities.

Financial Management of the Grant

The organisation must maintain proper accounting records which clearly indicate both the sources of income and the details of how the grant has been expended. The project should seek to ensure that value for money is achieved in relation to project expenditure and must adhere to the following guidelines:-

- For items of expenditure up to £3,000, there is no requirement to tender or obtain quotations unless specified as a specific grant condition;
- Items between £3,000.01 and £10,000 require 3 quotations from competent suppliers who ordinarily supply the service. The documentation to be retained is a written record of the three quotations which may include an email quotation or internet printout.
- Items over £10,000.01 require a minimum of 3 written quotations and a full tender action which must be publicly advertised in open or restricted tender competition.

A record of all quotations must be retained and the reasons supporting the decision to accept a quotation which is not the lowest should be recorded.

A Final Report detailing the project activities and outcome and the project income and expenditure must be completed at the end of the project and prior to the payment of any further grant aid. The Final Report should be completed online after your project is finished. The link to your online report is provided in the email accompanying this letter. We will also send you a reminder with this web address shortly before your Final Report is due.

You should retain all original financial documentation (original bank statements, original invoices, quotations and other relevant supporting documentation relating to project expenditure) for a period of at least seven years after the completion of

the project. We will tell you if we need you to send this financial documentation with your final report. Following inspection by the Foundation, the original documentation will be returned to you.

The organisation must ensure that it has adequate financial systems and checks to ensure that fraud does not occur. Other funding received for this project must be declared to the Foundation. A record of the grant should be identified in the Annual Accounts of the organisation.

Liabilities

The Foundation accepts no responsibility, financial or otherwise, for expenditure or liabilities arising out of the work of the organisation. Any commitments incurred before this agreement is made or any commitment in excess of the approved budget shall be the responsibility of the organisation.

Monitoring

The Final Report must be completed within one month after the end of the project and prior to the payment of any further grant aid. See details above under 'Financial Management of Grant'.
