About Us

The Community Foundation is a flexible and agile funder who listen and respond to the changing needs of our communities.

Setting up a fund through the Community Foundation is quick and easy for anyone wishing to support local communities and causes.

Whatever the reasons or motivations for giving, we will ensure that all funds are future proof, and suit the fund-holders wishes and circumstances.

Working closely with funders and donors, our connections across these islands, ensure that vital funding reaches those most in need as quickly as possible.

Our Impact

The Community Foundation has awarded £120m over 45 years to groups and organisations across Northern Ireland.

In the last five years the Community Foundation made 4,781 grants awarding over £57m. The 45 funds in this period reached 4.7 million beneficiaries.

With your help we can continue to make an impact in areas including education, health, housing, the arts, social justice, employment, peace and reconciliation, climate and equality, inclusion and diversity.

Together we can continue to empower local communities to affect positive change.

Ways to Make an Impact

Establish a Donor Advised Fund (DAF)

This customised, private giving option is perfect for those who want to support their unique charitable interests without the costs and administration of creating a personal Foundation or Charitable Trust.

With flexibility at its core, the DAF allows for adaptable investment timelines, shared decision-making, and ongoing tailored support.

Contribute to an Existing Fund

Supporting an established fund offers a strategic, collaborative, and impactful approach to giving.

By pooling donations, contributors can multiply the difference for specific groups, including older adults, women, youth, and children, as well as for vital causes such as environmental protection, tackling social justice issues and enhancing diversity and inclusion.

Create a Lasting Legacy

By including The Community Foundation for Northern Ireland in their will, clients have several meaningful options.

They can contribute to our Endowment Fund, support grants, create long term impact, or choose to invest in our strategic focus areas including supporting communities, digital inclusion, improving wellbeing or health.
